

PRODUCT CATALOGUE

Home textiles, household, cleaning & utility products
sourced from Egypt for international B2B buyers.

SOURCING • CUSTOMIZATION • EXPORT COORDINATION

2026 EDITION

GERMANY | EGYPT

THREE PRODUCT DIVISIONS

- HOME & HOSPITALITY TEXTILES
- HOME & HOUSEHOLD
- HOUSEHOLD, CLEANING & UTILITY

NILE BRIDGE TRADE

A practical bridge between Egyptian production and international B2B demand.

Nile Bridge Trade connects international buyers with selected Egyptian manufacturers across a growing product range. We coordinate sourcing, specification, quotation, sampling, quality preparation and export communication from one point of contact.

WHAT WE COORDINATE

01

Product sourcing

Suitable manufacturers and product options matched to the buyer brief.

02

Specification management

Materials, dimensions, colours, configurations, packaging and category-specific details.

03

Sampling & quality

Sample or reference approval and agreed checks before dispatch.

04

Export coordination

Commercial, origin, supplier and shipping documentation coordinated for the order.

Requirement-led sourcing

We start from the requested specification, quantity, packaging need, destination and documentation requirements.

Selected supplier coordination

Supplier communication is coordinated through quotation, sample review, production follow-up and shipment preparation.

Transparent commercial process

MOQ, lead time, samples, payment terms, Incoterms and shipment responsibilities are confirmed in writing for each order.

2026 PRODUCT CATALOGUE

Three product divisions. One coordinated sourcing model.

This expanded catalogue keeps the existing bedding programme and adds the current household, cleaning, utility, storage and outdoor ranges. Product-level commercial details are confirmed during quotation.

68

PRODUCT PROFILES

15

PRODUCT FAMILIES

3

PRODUCT DIVISIONS

01

Home & Hospitality Textiles

12 catalogue profiles

Bed linen, pillow products, covers, inserts, finishing layers and hotel towel sets.

02

Home & Household

25 products

Drying racks, ironing boards, ladders, clothing stands, appliance bases, chairs and accessories.

03

Household, Cleaning & Utility

31 products

Storage, cleaning tools, waste-management products, utility items and outdoor furniture.

All 62 products currently visible on nilebridgetrade.com/products are included. The existing bedding catalogue programmes are retained, with two additional live textile lines added to the textile section.

MADE TO REQUIREMENT

Build the quotation around a clear product brief.

Customization depends on the product, selected supplier, order quantity and destination. The brief below gives us the information needed to review feasibility and quote accurately.

PRODUCT

Exact product / SKU / reference image

SPECIFICATION

Material, dimensions, construction, capacity, GSM or technical values

VARIANT

Colour, size, step count, configuration or set content

BRANDING

Labels, logo application, embroidery or branded insert where relevant

PACKAGING

Retail, wholesale, hospitality, contract or export-carton requirements

DESTINATION

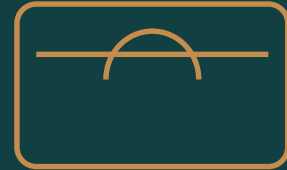

Country, postcode/port, requested Incoterm and target delivery timing

COMMERCIAL CONFIRMATION

MOQ, lead time, sample route, payment terms, packing, final testing or certification, export documents and Incoterms are confirmed in the formal quotation for the selected product and supplier.

Home & Hospitality Textiles

Cotton bedding and hospitality textile programmes produced to agreed specifications, with private-label and packaging options reviewed per project.

DIVISION 01

PRODUCT FAMILIES

- Sheets & bed linen
- Covers & inserts
- Hotel towel sets

COMMERCIAL VARIABLES	MOQ, packing method, sample route and destination requirements

MOQ, lead time, packaging, samples and order-specific documentation are confirmed during quotation.

BRAND-READY & REQUIREMENT-LED SUPPLY

Customization is reviewed product by product - not assumed.

The catalogue covers very different product families. Branding, colours, dimensions, materials, configurations and packaging are therefore reviewed against the selected manufacturer, quantity and destination before they are offered.

PRODUCT CONFIGURATION

Size, dimensions, step count, rail format, capacity, set composition, GSM or construction where relevant.

COLOUR & FINISH

Available colour variants, powder-coat finish, textile dyeing, decorative finish or approved custom colour where feasible.

BRANDING

Private labels, woven / printed labels, embroidery, logo application or branded inserts where relevant.

PACKAGING

Retail, wholesale, hospitality, contract and export packaging reviewed around the product and order quantity.

DOCUMENTATION

Material details, supplier documents, certification scope where applicable, origin and shipping documentation.

APPROVAL

Reference sample, pre-production sample, technical drawing, variant confirmation or packaging sample where required.

Nothing in this catalogue should be read as a universal certification, private-label guarantee or fixed MOQ. These points are confirmed for the selected product, supplier and destination in the quotation.

QUALITY YOU CAN VERIFY

Quality coordination throughout the order.

Agreed requirements are reviewed from supplier and specification preparation through sampling, production checks, packaging and shipment readiness.

01

Supplier & requirement review

Product specifications, materials, dimensions, colours, finishing, GSM where relevant and document needs.

02

Sample & specification approval

Samples or references and approval notes coordinated where required before production or shipment preparation.

03

Production & product checks

Quantity, dimensions, appearance, workmanship, labeling and conformity with the agreed specification can be reviewed.

04

Packaging & documentation check

Cartons, labels, shipping marks, quantities, supplier documents and shipment preparation are reviewed before dispatch.

TEXTILE CERTIFICATION

OEKO-TEX® STANDARD 100 - only for applicable textile products

Certification availability, validity and product scope are confirmed for the selected textile manufacturer before order confirmation. Non-textile products are handled under their own applicable product-document and destination-market requirements.

FROM ENQUIRY TO DELIVERY

A clear order journey from buyer brief to shipment follow-up.

Commercial terms, lead times, shipping method and Incoterms are confirmed individually for each order.

01**Buyer requirement**

Product, specification, quantity, destination, customization and reference documents.

02**Product & supplier selection**

Product fit, supplier capability, MOQ, production possibilities and packaging review.

03**Quotation**

Pricing, lead time, quantity, samples, packaging and commercial terms.

04**Sample / specification approval**

Product details, branding and packaging approved where required.

05**Production follow-up**

Order progress followed against approved specification and quantity.

06**Quality & shipment preparation**

Product checks, final quantity, packaging, labeling and shipment readiness.

07**Export documentation**

Commercial invoice, packing list, origin documents where required and shipping documents.

08**Freight coordination**

Freight arranged according to destination, shipping method, Incoterm and handover responsibility.

09**Delivery & follow-up**

Shipment progress followed through the agreed logistics arrangement to delivery or handover.

Delivery terms can be coordinated around the agreed Incoterm and destination. The quotation defines who is responsible for freight, customs, duties and final delivery at each stage.

SOURCING & SUPPLY PARTNER

Produced through selected Egyptian manufacturing partners.
